

**ADVANCE** is a revolutionary locking solution that is destined to change the way you look at hotel security, design and technology.

**ADVANCE** combines the proven reliability of the world's most trusted name in electronic locking with a fresh new aesthetic that is designed to meet the needs of the demanding hospitality environment.

**ADVANCE** features a unique two-piece modular design and an array of attractive options that allow you to seamlessly blend your guest room door locks into any hotel décor. One look at **ADVANCE** and you'll never look at door locks the same way again.

## Mag-Stripe Lock Features

- Non-volatile memory records the last 500 lock openings—including date, time and card used
- Programmable for length of time door remains open, and automatic closing.
- Low battery indicator lights alert hotel staff without disturbing guest.
- Programmable for the “office-mode” function (free passage).
- Corrosion-resistant case for normal atmospheric conditions.
- Lock ensures accuracy by reading the card twice; once during insertion and once during removal.
- Each new guest card overrides any previous guest card, preventing re-entry.

## Smart-card Lock Features

- Dual technology reads smart-chip cards and Mag-Stripe Cards
- Non-volatile memory records the last 500 lock openings—including date, time and card used
- Programmable for length of time door remains open, and automatic closing.
- Low battery indicator lights alert hotel staff without disturbing guest.
- Programmable for the “office-mode” function (free passage).
- Corrosion-resistant case for normal atmospheric conditions.
- Lock ensures accuracy by reading the card twice; once during insertion and once during removal.
- Each new guest card overrides any previous guest card, preventing re-entry.

## Operation Systems:

ADVANCE can be powered with any of the following.

### HT22i

For Mag-stripe keycards.

- Ideal for small and mid-sized properties.
- All the features and functions you expect from an electronic locking system without the need for a PC.
- PMS interface option.

### HT24w

For Mag-stripe keycards. Expect more!

- Fully featured PC-based system for any property size.
- Virtually unlimited number of frontdesk card issuing stations.
- Optional PMS and POS interfaces.

### HT28 Smart & Revalidator

Dual Technology Locks accept both Mag-stripe and Smart. All the benefits of HT24w plus virtually "on-line" performance.

- Enhances overall security and improves staff and operations management.
- Smart keycards can be used for staff only while guests use inexpensive mag-stripe.
- Smart keycards enable multiapplication.

## Cover Plates:

Onity offers a selection of attractive cover plates that are ideal for retrofit projects. Customized cover plate designs can also be developed upon request.
