Onity Magnetic Stripe Electronic Lock Features

- Non-volatile memory records the last 500 lock openings—including date, time and card used
- Programmable for length of time door remains open, and automatic closing.
- Low battery indicator lights alert hotel staff without disturbing guest.
- Programmable for the “office-mode” function (free passage).
- Corrosion-resistant case for normal atmospheric conditions.
- Lock ensures accuracy by reading the card twice; once during insertion and once during removal.
- Each new guest card overrides any previous guest card, preventing re-entry.

Whether you have a dozen rooms or 6,000, the Onity HT24w Electronic Locking System can take you where you need to be.

The Onity HT24w is brilliantly designed, yet ingeniously simple to use. Your staff can perform at optimum efficiency, and your guests will appreciate your making their personal comfort and security a top priority.
