- Lock audit of the last 500 transactions
- Compatible with Onity Safes and Onity Energy Management Systems

Onity HT28 Smart. 90% of the power and efficiency of an on-line system at 1/5th the cost.

The Onity HT28 Smart system, in conjunction with the Revalidator, improves the security, productivity and management of your property through the use of smart card technology.

Dual Technology. The Onity HT28 Smart contains a multitechnology reader with full interoperability.

This allows you a combination of magnetic stripe and smart cards at the same time.

The Revalidator brings a new array of features that enhance the Onity HT28 Smart electronic locking system:

Improve Master Key Management

- Master Key Cancellation (without walking to a single lock)
- Master Key Distribution
- Master Key Changes

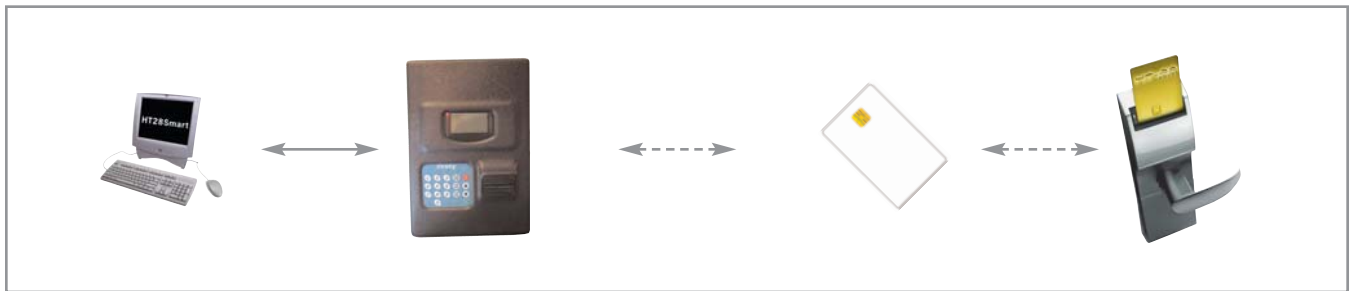

Improve Overall Security

- Authorized Employee Database Checks
- Individual Staff Activity Reports
- Master Key Ownership Control (PIN Code)
- Master Key expiration with customizable revalidation increments in relation to the sensitivity of the card

Optimize Human Resources Management

- Staff Card Distribution
- Housekeeper Dispatch
- Task Assignments
- Master Key Lock-Out
- Individual Employee Mailbox for Messages

How the Revalidator Works:
