## Engineered Wood Products

The mark of  
responsible forestry

# FSC Certified RigidLam<sup>®</sup> LVL

Architects, structural engineers and builders can now specify FSC certified engineered wood products that can contribute to achieving additional LEED<sup>®</sup> credits for your project.

Roseburg has been certified by Scientific Certification Systems (SCS) to produce Forest Stewardship Council (FSC) Certified RFPI<sup>®</sup> Joist and RigidLam<sup>®</sup> LVL under registration code SCS-COC-000300. Wood products certified by SCS are recognized as coming from well-managed forests, adhering to strict environmental and socioeconomic standards in accordance with the principles and criteria of the FSC.

# FSC Certified RigidLam® LVL

Roseburg has been certified by Scientific Certification Systems (SCS) to produce Forest Stewardship Council (FSC) Certified RigidLam® LVL under registration code SCS-COC-000300. Wood products certified by SCS are recognized as coming from well-managed forests, adhering to strict environmental and socioeconomic standards in accordance with the principles and criteria of the FSC.

RigidLam® LVL FSC certified products are manufactured under the Mixed Credit system. LEED grants 100 percent credit for Mixed Credit products.

Roseburg's RigidLam LVL is a stronger, stiffer, more consistent and more predictable building material. Compared with similar sized sections, our RigidLam LVL headers and beams can support heavier loads and allows greater spans than conventional lumber.

FSC certified RigidLam LVL is available on a made-to-order basis in 1.5E and 2.0E grades, in thicknesses of 1-1/2", 1-3/4", 3-1/2", 5-1/4" and 7" and standard depths from 3-1/2" to 18". The product will carry the standard Roseburg information along with an FSC logo stamp for visual identification.

Roseburg's engineered wood products are engineered to the high-quality APA standards and are compatible with standard hangers and connectors. RigidLam LVL is part of The Roseburg Framing System® which consists of: RFPI® Joists used in floor and roof construction; RigidLam® LVL which is used for headers, beams, studs and columns; and RigidRim® Rimboard.

Roseburg, a member of USGBC and one of the nation's largest producers of no added urea formaldehyde (NAUF) and FSC certified wood products, produces the FSC Certified RigidLam LVL at its 750,000 sq. ft engineered wood product plant located in Riddle, OR.

FSC certified RigidLam LVL is available through Roseburg's nationwide network of wholesale distributors and Pro Yards.

LEED CATEGORY/CREDIT	INTENT	REQUIREMENTS	POSSIBLE POINTS
<b>Materials and Resources MR 5.1 Regional Materials:</b> <i>10% Extracted, Processed &amp; Manufactured Regionally</i>	Increases the use of materials that are extracted and manufactured within the project region	A min. of 10% of the combined value of building materials or products must be extracted, harvested, or recovered, as well as manufactured within 500 miles of the project	1 point
<b>Materials and Resources MR 5.2 Regional Materials:</b> <i>20% Extracted, Processed &amp; Manufactured Regionally</i>	Increases the use of materials that are extracted and manufactured within the project region	A min. of 20% of the combined value of building materials or products must be extracted, harvested, or recovered, as well as manufactured within 500 miles of the project	1 point (in addition to MR credit 5.1)
<b>Materials and Resources MR Credit 7.0: Certified Wood</b> <i>FSC - Forest Stewardship Council</i>	Encourage environmentally responsible forest management	Use a minimum of 50% wood based materials and products, which are certified in accordance with the Forest Stewardship Council's (FSC) Principles and Criteria, for wood building components	1 point

## AVAILABLE FSC CERTIFIED RIGIDLAM® LVL GRADES & SIZES

Not all grades and sizes are available in all markets. Contact your Roseburg representative for availability. The location and contact information for your regional EWP representative can be found on our company website [www.roseburg.com](http://www.roseburg.com) or by calling (800) 347-7260.
