## Find, Bid and Win More Projects with Reed Bulletin

Reed Bulletin provides contractors with the timely project news and tools they need to find, bid and win more jobs. Reed Bulletin subscriptions include access to [www.reedbulletin.com](http://www.reedbulletin.com), with daily project updates, and a printed Reed Bulletin shipped weekly to your door.

### GIVING YOU QUALITY DATA

All projects in Reed Bulletin and on [www.reedbulletin.com](http://www.reedbulletin.com) have been verified by one of the principals on the project. Reed Bulletin offers you data on projects you may not find other places, such as notes from the owner, contract conditions and bid package information, to name a few.

### CONTACT THE RIGHT PEOPLE

Reed Bulletin project data gives you all the roles available on a project including the owner, engineers, architects and general contractors. You'll see the company name, contact name, address, phone number and fax.

### TRACK YOUR PROJECTS

ReedBulletin.com offers you access to the Project Tracking Hot List. Save projects of interest to the Hot List and you'll receive automatic e-mail updates when the project changes. You can also receive bid date reminder e-mails three days before the project bids.

### WHO'S BIDDING ON PROJECTS

Find all prospective bidders and their contact information on projects through Reed Bulletin—get daily updates on bidders through ReedBulletin.com. After a project bids, visit the Post Bid section to find the three lowest bidders and their values or the general contractor that won the bid.

### DON'T MISS ANYTHING!

With your subscription you'll have access to daily projects updates on [www.reedbulletin.com](http://www.reedbulletin.com). With more projects than the print Reed Bulletin and with the search and sort options online, you'll want to check your ReedBulletin.com account often.
